

EXPERIENCING CHRISTIANITY -- MARCH, APRIL, MAY SCHEDULE

We will break from mid-May to mid-June. Peggy and I will be away.

Several of the group want to move into and study "THE PROBLEM(S) OF EVIL" , WHICH ARE COVERED IN LECTURES 19-24.

They should be covered in continuity and without interruption.

Professor Hall uses examples of ONTOLOGICAL, COSMOLOGICAL, AND TELEOLOGICAL philosophical arguments, (for and against the existence of GOD) and "a priori" and "a posteriori" reasoning during his explanations of EVIL, so we should not omit them.

Therefore, I am amending the schedule to fit these constraints.

On Mondays 15 and 22 MARCH we will address the three major philosophical arguments and why-how they "work" and "fail". The video lectures, whic you may read, will be replaced by "EXECUTIVE SUMMARIES" provided by the TEACHING COMPANY, and will be dialogued.

HERE IS THE PROPOSED SCHEDULE :

DATES	LECTURES COVERED
March 15, 22 -----	10 - 16
March 29 -----	17 -WHY IS EVIL A PROBLEM?
April 5, 12, 19, 26 -----	18 - 23
May 3 -----	24 - JUSTIFYING HUMAN EVIL

This probably looks and sounds more complicated than it really is.

Be ready to dialogue ONTOLOGY, COSMOLOGY, TELEOLOGY, 'a priori' and 'a posteriori' , next 2 Mondays, 15 and 22 MARCH.
